1. Follow signs to Javea/Xabia on N332 for approximately 5 mins. On entering Javea you will see a large roundabout with a metal structure depicting a sail and gulls. Go straight over this roundabout. The DIY store Ferrobox will be on your right. You will then come to two smaller roundabouts, one with five palm trees and the other with an olive tree on it. Go straight over both, and the road will then go into a dual carriageway.
 2. Go through traffic lights and across a mini roundabout and you will pass on your left a Mercadona supermarket and go through another set of traffic lights. Keep going until you reach the junction with Lidl supermarket on your right. At the Lidl supermarket, you need to go straight over this junction/roundabout, past the shops MobilSol and Milar which are on the right. The road will bear left then bend right. You will then approach another roundabout with a fountain in the centre, again go straight over.
 3. On your left hand side there is a large sports centre with flags hanging outside, then the Guardia Civil offices on your right. Our office is only 50m further on this side of the road. You can park anywhere on either side of the road free of charge. Also, anywhere around the Sports Centre is free and is only a 2 min walk to our office.
 4. You then need to walk in the same direction as you were driving and in front of you, you will see a blue roundabout with metal dolphins in the centre. Just before this roundabout there is a zebra crossing. Just before the crossing on the right hand side, and between two restaurants there is a set of double brown wooden doors set back from the pavement in an apartment block with the No. 1 above the door. Our company sign is to the right of the door, the entry buzzer is on the left, and we are situated on the first floor.
- Please note that the road sign reads Avinguda dels Fuers, but you are on the correct road.*
